MANAGEMENT INFORMATION CIRCULAR

GENERAL PROXY INFORMATION

(as at May 1, 2024, except as otherwise indicated)

Solicitation of Proxies

This management information circular (this “Circular”) is furnished in connection with the solicitation by management (“Management”) of Gold Springs Resource Corp. (the “Corporation”) of proxies to be used at the annual general meeting (the “Meeting”) of the shareholders of the Corporation to be held at Suite 2300, 550 Burrard Street, Vancouver, British Columbia, Canada V6C 2B5 on Monday, June 17, 2024 at 8:00 a.m. (Vancouver time), and at all postponements or adjournments thereof, for the purposes set forth in the notice of the Meeting that accompanies this Circular (the “Notice of Meeting”). It is expected that the solicitation will be made primarily by mail but proxies may also be solicited personally by directors, officers or regular employees of the Corporation. Such persons will not receive any extra compensation for such activities. The Corporation may also retain, and pay a fee to, one or more proxy solicitation firms to solicit proxies from the shareholders of the Corporation in favour of the matters set forth in the Notice of Meeting. The Corporation may pay brokers or other persons holding common shares of the Corporation (“Common Shares”) in their own names, or in the names of nominees, for their reasonable expenses for sending proxies and the Circular to beneficial owners of Common Shares and obtaining proxies therefor. The total cost of the solicitation will be borne directly by the Corporation.

Shareholders are strongly encouraged to vote on the matters before the Meeting by proxy rather than attend the Meeting in person. Accordingly, participants are encouraged to vote on the matters before the Meeting by proxy and to join the Meeting by teleconference. To access the Meeting by teleconference, dial toll free at 1-866-201-0079, Access Code: 099084#.

Notice-and-Access

The Corporation has elected to use the “notice-and-access” provisions (“**Notice-and-Access**”) that came into effect on February 11, 2013 under National Instrument 54-101 - *Communications with Beneficial Owners of Securities of a Reporting Issuer* (“**NI 54-101**”) and National Instrument 51-102 - *Continuous Disclosure Obligations* (“**NI 51-102**”) of the Canadian Securities Administrators, for distribution of this Circular and other meeting materials, including the form of proxy (the “**Form of Proxy**”), voting instruction form (“**VIF**”) and the Notice of Meeting (collectively, the “**Meeting Materials**”), to registered shareholders of the Corporation and shareholders holding shares of the Corporation beneficially through an intermediary (“**Non-Registered Holders**”), other than those Non-Registered Holders with existing instructions on their accounts to receive printed materials or those shareholders that request printed Meeting Materials.

Notice-and-Access allows issuers to post electronic versions of meeting materials online, via SEDAR+ and one other website, rather than mailing paper copies of such meeting materials to shareholders. The Corporation has adopted this alternative means of delivery in order to further its commitment to environmental sustainability and to reduce its printing and mailing costs.

The Corporation will post the Meeting Materials, and its audited financial statements and management discussion and analysis for the year ended December 31, 2023, under its profile at www.sedarplus.ca and also at www.meetingdocuments.com/TSXT/GRC, and on its website at <https://www.goldspringsresource.com/investors/financials-and-filings/>.

Although the Meeting Materials will be posted electronically online, registered shareholders and Non-Registered Holders (subject to the provisions set out below under the heading “Advice to Beneficial Shareholders”) will receive a “notice package” (the “**Notice-and-Access Notification**”) by prepaid mail, which includes the information prescribed by NI 54-101, and a Form of Proxy, in the case of registered Shareholders, or VIF, in the case of Non-Registered Holders, enabling them to vote at the Meeting. Shareholders should follow the instructions for completion and delivery contained in the Form of Proxy or VIF, as the case may be, and are reminded to review the Circular before voting.

Shareholders will not receive a paper copy of the Meeting Materials unless they contact the Corporation’s transfer agent, TSX Trust Company, toll-free at 1-888-433-6443 or outside Canada and U.S. +1-416-682-3801. Provided the request is made prior to the Meeting, the Corporation will cause the requested materials to be mailed within three business days. **Requests for paper copies of the Meeting Materials should be made by May 31, 2024 in order to receive the Meeting Materials in time to vote before the Meeting.**

Shareholders with questions about Notice-and-Access may contact TSX Trust Company toll-free at 1-888-433-6443 (Outside Canada and U.S. +1-416-682-3801) or by e-mail at shareholderinquiries@tmx.com.

Appointment and Revocation of Proxies

The persons named in the enclosed Form of Proxy are directors or officers of the Corporation (“**Management Representatives**”). **A Shareholder has the right to appoint a person (who need not be a shareholder of the Corporation) other than the Management Representatives specified in such Form of Proxy to attend and act on behalf of such shareholder at the Meeting. Such right may be exercised by striking out the names of the Management Representatives specified in the Form of Proxy, inserting the name of the person to be appointed in the blank space provided in the Form of Proxy, signing the Form of Proxy and returning it in the manner set forth in the Form of Proxy.**

A shareholder who has given a proxy may revoke it (i) by depositing an instrument in writing, executed by such shareholder or shareholder’s attorney authorized in writing either with the transfer agent of the Corporation with a copy to the Corporation at its registered office: #1100-1199 West Hastings Street, Vancouver, British Columbia, V6E 3T5, Canada at any time up to and including proxy cut-off time indicated in the Notice of Meeting, or with the chair of the Meeting prior to the commencement of the Meeting on the day of the Meeting or any postponement or adjournment thereof, or (ii) in any other manner permitted by law.

Exercise of Discretion

The Management Representatives named in the enclosed Form of Proxy will vote or withhold from voting the shares in respect of which they are appointed by proxy on any ballot that may be called for in accordance with the instructions contained therein. If the shareholder specifies a choice with respect to any matter to be acted upon, the shares will be voted accordingly. **In the absence of such specifications, such shares will be voted FOR each of the matters referred to herein.**

The enclosed Form of Proxy confers discretionary authority upon the persons named therein with respect to amendments to or variations of matters identified in the Notice of Meeting and with respect to other matters, if any, which may properly come before the Meeting. At the date of the Circular, Management knows of no such amendments, variations or other matters to come before the Meeting. However, if any other matters that are not now known to Management should properly come before the Meeting, the proxy will be voted on such matters in accordance with the best judgment of the named proxy.

Advice to Beneficial Shareholders

The information set forth in this section is of significant importance to many holders of Common Shares, as a substantial number of shareholders do not hold Common Shares in their own name.

Shareholders who do not hold their Common Shares in their own name (referred to herein as “**Beneficial Shareholders**”) should note that only proxies deposited by Shareholders whose names appear on the records of the Corporation as the registered holders of Common Shares can be recognized and acted upon at the Meeting. If Common Shares are listed in an account statement provided to a shareholder by a broker, then, in almost all cases, those Common Shares will not be registered in the shareholder’s name on the records of the Corporation. Such shares will more likely be registered under the name of the shareholder’s broker or an agent of that broker. More particularly, a person is a Beneficial Shareholder in respect of Common Shares which are held on behalf of that person but which are registered either: (a) in the name of an intermediary that the Beneficial Shareholder deals with in respect of the Common Shares (intermediaries include, among others, banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSPs, RRIFs, RESPs and similar plans); or (b) in the name of a clearing agency (such as The Canadian Depository for Securities Limited (“**CDS**”) or the Depository Trust Company (“**DTC**”), of which the intermediary is a participant. In Canada, the vast majority of such shares are registered under the name of CDS or DTC, which act as nominee for many brokerage firms. Common Shares held by brokers or their nominees can only be voted upon the instructions of the Beneficial Shareholder. Without specific voting instructions, brokers and their nominees are prohibited from voting Common Shares held for Beneficial Shareholders. **Therefore, Beneficial Shareholders should ensure that instructions respecting the voting of their Common Shares are communicated to the appropriate person or that the Common Shares are duly registered in their name.**

Applicable securities regulatory policy requires intermediaries/brokers to seek voting instructions from Beneficial Shareholders in advance of shareholders’ meetings. Every intermediary/broker has its own mailing procedures and provides its own return instructions to clients, which should be carefully followed by Beneficial Shareholders in order to ensure that their Common Shares are voted at the Meeting.

The majority of brokers now delegate responsibility for obtaining voting instructions from Beneficial Shareholders to Broadridge Investor Communication Solutions (“**Broadridge**”). Broadridge supplies a VIF and asks Beneficial Shareholders to complete and return the VIF to Broadridge in accordance with the instructions set out in the VIF. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Common Shares to be represented at the Meeting. **A Beneficial Shareholder receiving such a VIF from Broadridge cannot use that VIF to vote Common Shares directly at the Meeting. The VIF must be returned to Broadridge well in advance of the Meeting in order to instruct Broadridge how to vote the Common Shares.**

The Corporation has instructed intermediaries to deliver the Meeting Materials to non-objecting Beneficial Shareholders under applicable Canadian securities law. The Corporation also intends to pay for intermediaries to deliver copies of the Meeting Materials and related forms to objecting Beneficial Shareholders. The Corporation is not sending Meeting Materials to Beneficial Shareholders who have declined to receive them in order to save mailing costs and abide by the instructions of its declining Beneficial Shareholders.

These securityholder materials are being sent to both registered and non-registered owners of the securities. If you are a non-registered owner, and the Corporation or its agent has sent these materials directly to you, your name and address and information about your holdings of securities, have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding on your behalf. By choosing to send these materials to you directly, the Corporation (and not the intermediary holding on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the request for voting instructions.

The Corporation is sending the Meeting Materials to registered shareholders and Beneficial Shareholders using the Notice-and-Access procedure described in NI 54-101 and NI 51-102.

If you are a Beneficial Shareholder and wish to attend the Meeting in person or appoint some other person or company, who need not be a shareholder, to attend and act on your behalf at the Meeting or any adjournment or postponement thereof, please follow the instructions contained in the VIF.

Record Date

The directors have fixed May 1, 2024 as the record date for the determination of shareholders entitled to receive notice of the Meeting. Only shareholders of record on such record date are entitled to vote at the Meeting.

Voting Securities and Principal Holders Thereof

As of May 1, 2024, there were 281,380,158 Common Shares issued and outstanding. Each Common Share has the right to one vote on each matter at the Meeting.

On a show of hands, every individual who is present and is entitled to vote as a shareholder or as a representative of one or more corporate shareholders will have one vote, and on a poll every shareholder present in person or represented by a proxy and every person who is a representative of one or more corporate shareholders will have one vote, for each Common Share registered in that shareholder's name on the list of shareholders as at the Record Date, which is available for inspection during normal business hours at TSX Trust Company and will be available at the Meeting. **Shareholders represented by proxy holders are not entitled to vote on a show of hands.**

To the knowledge of the directors and officers of the Corporation, the only persons or companies beneficially owning, directly or indirectly, or exercising control or direction over 10% or more of the issued and outstanding Common Shares of the Corporation are as follows:

Name	No. of Shares	Percentage
Antonio Canton	43,364,714	15.41%

Interest of Certain Persons or Companies in Matters to be Acted Upon

Management is not aware of a material interest, direct or indirect, by way of beneficial ownership of Common Shares or otherwise, of any director or officer of the Corporation at any time since the beginning of the Corporation's last financial year, of any proposed nominee for election as a director of the Corporation, or of any associate or affiliate of any such person, in any matter to be acted upon at the Meeting other than the election of directors or the appointment of auditors.

BUSINESS OF THE MEETING

Financial Statements

The audited consolidated financial statements of the Corporation for the year ended December 31, 2023, together with the auditor's report thereon, will be placed before the Meeting.

Election of Directors

At the Meeting, shareholders will be asked to pass an ordinary resolution to set the number of directors at five and it is proposed that the five persons whose names are set forth below be elected to the board of directors of the Corporation (the "**Board**"). All of the five nominees for election as a director are currently directors of the Corporation. All directors elected will hold office until the next annual general meeting of shareholders of the Corporation or until their successors are elected or appointed.

A shareholder can vote for all of the nominees, vote for some of them and withhold for others, or withhold for all of them. **Unless otherwise instructed, the Management Representatives named in the enclosed Form of Proxy intend to vote FOR the setting of the number of directors at five and vote FOR the election of each of the nominees whose names are set forth below.**

The Board adopted a policy on majority voting in April 2012 and amended such policy in March 2014 and April 2017. If, in an uncontested election of directors, a nominee is not elected by at least a majority (50% + 1 vote) of the votes cast with respect to their election, they will immediately tender to the Board their resignation as a director. The Corporate Governance and Nominating Committee of the Board will then consider the circumstances surrounding the resignation and the director's ability to continue to serve effectively as member of the Board, and then make a recommendation to the Board as to whether the Board should accept the director's resignation. A director who tenders a resignation shall not participate in any meeting of the Committee or the Board with respect to such resignation. The Board will then determine whether or not to accept the resignation within 90 days after the date of the relevant shareholders' meeting. Absent exceptional circumstances, the Board will accept the resignation. The Corporation will promptly issue a news release with the Board's decision. If the Board determines not to accept a resignation, the news release will fully state the reasons for that decision.

Pursuant to the Corporation's Articles, nominations by shareholders for the election of directors at the Meeting (other than nominations by shareholders pursuant to a shareholder proposal or a requisitioned meeting) are to be received by the Corporation on or before May 18, 2024. To date, no such nominations have been received by the Corporation.

The following table sets forth certain information with respect to each of the persons proposed to be nominated for election as a director (a "proposed director") as of the date hereof. For additional information regarding compensation, options, current directorships and attendance at Board meetings in 2023, please see "Statement of Executive Compensation – Director Compensation" and "Statement of Corporate Governance Practices – Other Directorships" and "Attendance at Meetings".

STATEMENT OF EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Compensation Governance

The Corporation has a compensation committee (the “**Compensation Committee**”) currently composed of one director, Ms. Tina Woodside-Shaw (Chair) who is considered “independent” within the meaning of section 1.4 of National Instrument 52-110 – *Audit Committees (“NI 52-110”)*. The compensation committee was comprised of two directors, Ms. Tina Woodside-Shaw and Mr. Horst Daspersgruber until the passing of Mr. Daspersgruber on July 27, 2023.

Each member of the Compensation Committee has direct experience that is relevant to their responsibilities in executive compensation. Skills and experience that enable the Compensation Committee to make decisions on the suitability of the Corporation’s compensation policies and practices include:

Name	Skills and Experience
Tina Woodside-Shaw (Chair)	Ms. Woodside-Shaw has chaired or been a member of the compensation committees of various TSX and TSX Venture Exchange listed companies for over 20 years. She is a partner at an international law firm and specializes in corporate and securities law. She has served in a number of senior management positions at her law firm, several of which involved determining the compensation of partners, associates and staff. She is a Certified Director of the Institute of Corporate Directors.

The Compensation Committee was established by the Board to assist the Board in fulfilling its responsibilities relating to compensation matters. The Compensation Committee is responsible for, among other things:

- reviewing the Corporation’s overall compensation philosophy;
- reviewing and approving corporate goals and objectives relevant to CEO compensation (taking into account both short-term and long-term compensation goals), evaluating the CEO’s performance in

light of stated corporate goals and objectives, and recommending to the Board the CEO's compensation level based on this evaluation;

- making recommendations for approval by the Board with respect to succession planning for the CEO;
- in consultation with the CEO, overseeing the evaluation of the Corporation's senior officers and determining the compensation of senior officers other than the Chief Executive Officer;
- assisting the Board in fulfilling its obligation to identify the principal risks associated with the Corporation's compensation and human resources policies and practices, including in the design of compensation policies intended to meet the Corporation's compensation objectives;
- reviewing the adequacy, amount and form of compensation paid to each director (and considering whether such compensation realistically reflects the time commitment, responsibilities and risks of directors) and making recommendations to the Board thereon;
- making recommendations to the Board with respect to the adoption or amendment of incentive compensation plans; and
- making recommendations to the Board with respect to the adoption or amendment of equity-based compensation plans, including the designation of those who may participate in such plans and the issuance of incentive options in accordance with such plans.

The Compensation Committee has the authority to retain and receive advice from compensation consultants to carry out its duties. In 2023, neither the Board nor the Compensation Committee retained any compensation consultant or advisor to assist them in determining compensation.

Compensation Philosophy and Objectives

The Corporation's executive compensation program is designed to provide both short and long-term rewards to the Corporation's executive officers that are consistent with their individual and corporate performance and their contribution to the Corporation's objectives.

The Corporation's overall compensation philosophy is that compensation should be sufficiently competitive to attract and retain talented employees, but that compensation should ultimately focus on the interests of employees at all levels of the Corporation being aligned with the interests of the Corporation's shareholders. The Corporation is of the view that individual employee compensation should be linked to the performance of both the Corporation and each individual employee.

The Corporation's compensation program is designed to reward executive officers for:

- superior corporate performance relative to pre-set internal objectives; and
- exceptional levels of individual performance consistent with, and contributing to the achievement of, the Corporation's strategic objectives.

The Corporation's compensation program is also influenced by the financial position of the Corporation.

Risk Management

The Board is responsible for identifying the principal risks of the Corporation's business and ensuring the implementation of appropriate systems to manage these risks. The Board fulfils these responsibilities through the various committees including through the Compensation Committee in relation to compensation aspects. The Board is ultimately responsible for considering the implications of risks associated with the

Corporation's compensation policies and practices, if any. Through the Compensation Committee, the Board is involved in the design of compensation policies to meet the specific compensation objectives discussed above and considers the risks relating to such policies, if any. The Compensation Committee is ultimately responsible for ensuring compliance of the compensation policies and practices of the Corporation. To date, the Board and Compensation Committee have not identified any risks arising from the Corporation's compensation policies and practices that would be reasonably likely to have a material adverse effect on the Corporation.

Elements of Compensation

The Corporation's current President and Chief Executive Officer, Mr. Antonio Canton, provides his services to the Corporation pursuant to a consulting agreement between the Corporation, himself and Direct Consulting Solutions SA. See "Employment, Advisor and Consulting Agreements – Antonio Canton". The Corporation's current Chief Financial Officer, Mr. Killian Ruby, provides his services to the Corporation pursuant to a consulting agreement between Malaspina Consultants Inc. and the Corporation. See "Employment, Advisor and Consulting Agreements – Killian Ruby". The Corporation's current Executive Vice President of Exploration, Mr. Randall Moore, provides his services to the Corporation pursuant to a consulting agreement between him and the Corporation. See "Employment, Advisor and Consulting Agreements – Randall Moore".

The Corporation currently provides a compensation program for executive officers comprised of base compensation, annual incentive bonus and stock options. The Corporation also provides basic perquisites and benefits to its executive officers who are employees on the same basis that they are generally available to all employees. Mr. Canton has termination and change of control provisions in his agreement with the Corporation.

The Corporation does not provide a defined benefit pension plan or a defined contribution pension plan for any of its executive officers, nor does it have a deferred compensation plan for any of its executive officers.

The elements of compensation are designed by the Corporation to be appropriate to attract, retain and reasonably compensate the management team while also aligning with the Corporation's operations and growth objectives.

(a) Base Compensation

Each Named Executive Officer ("**NEO**") receives a base compensation pursuant to the terms of their employment or consulting agreement with the Corporation. The Board determines the base compensation payable to the CEO after consideration of the evaluation conducted by and the recommendation of the Compensation Committee. The Compensation Committee, in consultation with the CEO, oversees the evaluation of and determines the base compensation of the other executive officers of the Corporation.

The base compensation of each NEO is intended to reasonably compensate the NEO for their contributions to the Corporation, taking into account the person's level of responsibility, the importance of the position to the Corporation, the amount of the individual's time dedicated to the Corporation, and the other elements of compensation that, together with the base compensation, form the individual's total compensation package.

Base compensation of the management team is also influenced by the financial position of the Corporation.

(b) Annual Incentive Bonus

From time to time, the Corporation may also pay incentive bonuses to the NEOs. In such case, the Board determines the annual incentive bonus payable to the CEO after consideration of the evaluation conducted by and the recommendations of the Compensation Committee. The Compensation Committee, in

consultation with the CEO, oversees the evaluation of and determines the annual incentive bonuses of the other executive officers of the Corporation.

Annual incentive bonuses for NEOs are directly related to individual and corporate performance. At the beginning of each financial year, the Board approves the corporate goals and objectives for the year and determines which of the executive officers is responsible, and to what extent, for the achievement of each goal, the timeline for achievement and how the success of each goal will be measured. Following the end of the year, the Compensation Committee, in consultation with the CEO, reviews the prior year's goals and determines the extent to which each goal has been achieved. These determinations then factor into the assessment of each executive officer's performance for the year and the amount of the annual incentive bonus to be paid to that executive officer.

Given the Corporation's financial position, no annual incentive bonuses were awarded to the Corporation's executive officers in respect of 2021, 2022 or 2023.

(c) Stock Options

The Corporation provides long-term incentives to executive officers through the grant of stock options under the Corporation's share incentive plan. The objective in granting stock options is to encourage an ownership interest in the Corporation over a period of time, which acts as a financial incentive to consider the long-term interest of the Corporation and its shareholders.

The Compensation Committee makes recommendations from time to time to the Board in respect of stock option grants to each executive officer taking into consideration the level of responsibility, the importance of the position to the Corporation, and the other elements of compensation that, together with the stock options, form the individual's total compensation package. The Board then makes the final determination of stock option grants to executive officers, with each recipient abstaining from discussing or voting on any resolution in respect of option grants to themselves. The Compensation Committee also periodically reviews the Corporation's Share Incentive Plan to consider if any amendments are advisable. See "Incentive Plan Awards - Outstanding Share-Based Awards and Option-Based Awards".

Payments on "Change of Control"

The consulting agreement between the Corporation, Direct Consulting Solutions SA and Antonio Canton contains payment provisions relating to a "change of control" of the Corporation.

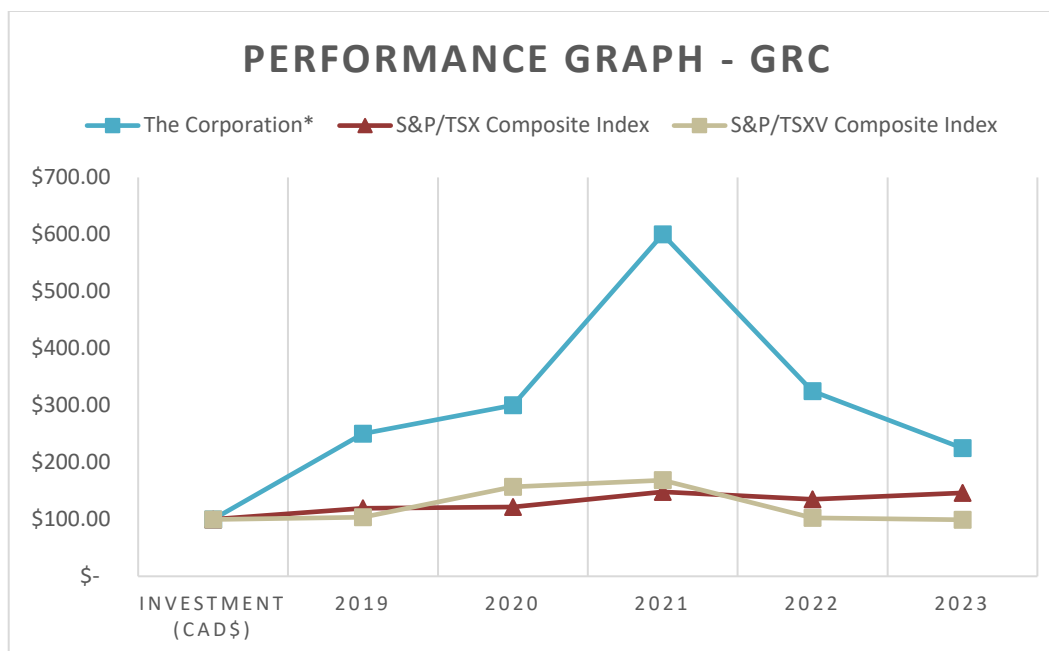

Other Compensation-Related Matters

Financial Instruments: The Corporation's Share Trading Policy requires pre-approval for trades by insiders, including the entering into of any "equity monetization" transactions or purchases of financial instruments, including prepaid variable forward contracts, equity swaps, collars or units of exchange funds that are designed to hedge or offset a decrease in market value of equity securities.

Anticipated Changes to Compensation Policies and Practices: The Corporation does not intend to make any significant changes to its compensation policies and practices for fiscal 2024.

Performance Graph

The chart below compares the total shareholder return on a \$100 investment in Common Shares to the total return of the S&P/TSX Composite Index and the S&P/TSXV Composite Index for five most recently completed financial years.

Cumulative Return	Investment (CAD\$)	2019 (CAD\$)	2020 (CAD\$)	2021 (CAD\$)	2022 (CAD\$)	2023 (CAD\$)
The Corporation*	\$100.00	\$250.00	\$300.00	\$600.00	\$325.00	\$225.00
S&P/TSX Composite Index	\$100.00	\$119.13	\$121.68	\$148.17	\$135.34	\$146.33
S&P/TSXV Composite Index	\$100.00	\$103.65	\$157.10	\$168.55	\$102.35	\$99.23

The Common Shares are listed for trading on the TSX, however, the S&P/TSXV Composite Index may be a more appropriate comparison for the Corporation given that it is a mineral exploration and development company. In 2019, the Corporation's share price followed the general upward trend in the S&P/TSXV Composite Index, albeit more steeply than the S&P/TSX Composite Index and the S&P/TSXV Composite Index in part due to the positive news of the arbitration settlement with the Government of Bolivia. In 2020, the Corporation's share price followed the general upward trend in the S&P/TSXV Composite Index. In 2021, the Corporation's share price followed the general upward trend in the S&P/TSX Composite Index, but significantly more steeply than the S&P/TSX Composite Index and the S&P/TSXV Composite Index. In 2021 Antonio Canton was appointed CEO and the Corporation carried out an active exploration program, funded in part by the first tranche closing of its Secured Rights program and through the sale of the Corporation's interest in World Copper. In 2022, the Corporation's share price followed the downward trend in the S&P/TSXV Composite Index and returned closer to 2020 levels, having seen a significant spike in 2021. The Corporation's downward trend continued in 2023 primarily as a result of the reduced level of drilling and exploration activity.

Named Executive Officers' Summary Compensation Table

The following table (presented in accordance with Form 51-102F6 – *Statement of Executive Compensation* ("Form 51-102F6") under NI 51-102) sets forth all direct and indirect compensation for, or in connection with, services provided to the Corporation and its subsidiaries for the financial years ended December 31, 2023, 2022 and 2021 in respect of the Chief Executive Officer, the Chief Financial Officer, and each of the other most highly compensated executive officers of the Corporation whose total compensation exceeded CAD\$150,000 for the year ended December 31, 2023 (the "Named Executive Officers" or "NEOs").

Termination and Change of Control Benefits

The consulting agreement between the Corporation, DCS and Antonio Canton contains payment provisions following a "change of control" of the Corporation.

In the case of termination of the consulting agreement without cause, all outstanding options with time-based vesting that are held by Mr. Canton vest immediately and remain exercisable until the earlier of the date that is 12 months after the date notice of termination is given, and the original expiry date of such options (representing a value of CAD\$7,500 if vesting had occurred at December 31, 2023).

In addition, DCS may terminate the consulting agreement at any time by providing the Corporation with three months' advance written notice.

A "change of control" is defined as:

- (i) a consolidation, merger, amalgamation, arrangement or other reorganization or acquisition involving the Corporation or any of its affiliates and another corporation or other entity, as a result of which the holders of shares of the Corporation prior to the completion of the transaction hold less than 50% of the outstanding shares of the successor corporation after completion of the transaction;
- (ii) the sale, lease, exchange or other disposition, in a single transaction or a series of related transactions, of assets, rights or properties of the Corporation and/or any of its subsidiaries which have an aggregate book value greater than 75% of the book value of the assets, rights and properties of the Corporation and its subsidiaries on a consolidated basis to any other person or entity, other than a disposition to a wholly-owned subsidiary of the Corporation in the course of a reorganization of the assets of the Corporation and its subsidiaries;

- (iii) a resolution is adopted to wind-up, dissolve or liquidate the Corporation;
- (iv) any person, entity or group of persons or entities acting jointly or in concert (an “**Acquiror**”) acquires or acquires control (including without limitation the right to vote or direct the voting) of voting securities of the Corporation which, when added to the voting securities owned of record or beneficially by the Acquiror or which the Acquiror has the right to vote or in respect of which the Acquiror has the right to direct the voting, would entitle the Acquiror and/or associates and/or affiliates of the Acquiror to cast or to direct the casting of 35% or more of the votes attached to all of the Corporation’s outstanding voting securities which may be cast to elect directors of the Corporation or the successor corporation;
- (v) as a result of or in connection with:
 - (i) a contested election of directors; or
 - (ii) a consolidation, merger, amalgamation, arrangement or other reorganization or acquisition involving the Corporation or any of its affiliates and another corporation or other entity,

the nominees named in the most recent management information circular of the Corporation for election to the Board shall not constitute a majority of the Board; or
- (vi) the Board adopts a resolution to the effect that a “change of control” as defined therein has occurred or is imminent.

In the event of termination of the consulting agreement by the Corporation or the Consultant within 12 months following a “change of control” of the Corporation, DCS is entitled to receive from the Corporation a lump sum amount equal to six months of monthly consulting fees at the rate in effect at the time notice of termination is given (which would have resulted in a payment of CAD\$90,530 if triggered on December 31, 2023). In addition, all unvested options (regardless of whether their original vesting was based on the passage of time or the achievement of certain milestones) will vest immediately and remain exercisable for the duration of their original term (representing CAD\$20,000 value if vesting had occurred at December 31, 2023)

Share Incentive Plan

The Corporation has established a Share Incentive Plan for the benefit of full-time and part-time employees, officers, directors and consultants of the Corporation and its affiliates. The Share Incentive Plan last ratified by the Corporation's shareholders at the annual general meeting held on June 15, 2023 is a share option plan (with or without associated share appreciation rights), and the maximum number of Common Shares issuable thereunder consists of a "rolling" 10% of the Corporation's issued and outstanding Common Shares from time to time.

The objectives of the Share Incentive Plan are:

- to assist the Corporation in recruiting and subsequently retaining highly qualified directors, officers, employees and service providers by offering an overall compensation package which is competitive with that offered by other mining companies at the Corporation's stage of development; and
- to align the interests of participants with the long-term interests of shareholders by encouraging the purchase and ownership of the Common Shares.

For the purposes of the Share Incentive Plan, a "Common Share" means a Common Share, as adjusted in accordance with the provisions of Share Incentive Plan.

The fixed maximum percentage of Common Shares issuable under the Share Incentive Plan is 10% of the issued and outstanding Common Shares from time to time. The Share Incentive Plan automatically "reloads" after the issuance of Common Shares under an award provided that the number of Common Shares issuable under the Share Incentive Plan does not then exceed the maximum percentage of 10%.

The following table summarizes the burn rate (being the number of options granted under the Share Incentive Plan during the applicable fiscal year divided by the weighted average number of common shares outstanding for the applicable fiscal year) in respect of the Share Incentive Plan for the past three years:

Fiscal Year	Burn Rate
2023	2.55%
2022	5.09%
2021	4.43%

The following summary provides details regarding the Share Incentive Plan.

Under the current Share Incentive Plan, stock options, free-standing share appreciation rights ("**SARs**") or SARs that are granted in tandem with a related option ("**Tandem SARs**") may be granted.

The Board determines the participants who may participate in the Share Incentive Plan, as well as the number and the exercise price of each option or the basis value of each SAR at the time the option or SAR, as applicable, is granted. Participant means each eligible employee, eligible director and eligible consultant.

The number of Common Shares:

- (a) issued to insiders of the Corporation, within any one-year period; and

(b) issuable to insiders of the Corporation, at any time,

under the Share Incentive Plan or when combined with all of the Corporation's other security-based compensation arrangements (as defined by the TSX), shall not exceed 10% of the Corporation's total issued and outstanding Common Shares, respectively. "Insider" is defined in the Share Incentive Plan as having the same meaning as "reporting insider" in National Instrument 55-104 *Insider Reporting Requirements and Exemptions*. In addition, the number of Common Shares issuable in any one fiscal year to all non-employee directors shall not exceed 1% of the outstanding Common Shares at that time.

The exercise price of an option or the basis value of a SAR cannot be lower than the most recent closing price of the Common Shares on the TSX, or another stock exchange where the majority of the trading volume and value of the Common Shares occurs, at the time the option or SAR is granted.

The period of time during which a particular option or SAR may be exercised is determined by the Board, subject to any Employment Contract or Consulting Contract (both as hereinafter defined), provided that no such period shall exceed 10 years. If an option or SAR expiration date falls within a "black-out period" (a period during which certain persons cannot trade Common Shares pursuant to a policy of the Corporation respecting restrictions on trading), or immediately following a black-out period, the expiration date is automatically extended to the date which is the tenth business day after the end of the black-out period, provided that no such extended exercise period shall exceed 10 years.

Upon exercise of a SAR, the participant is entitled to receive payment from the Corporation in an amount determined by multiplying the excess of the market price of a Common Share on the date of exercise over the basis value at which the SAR was originally granted. All payments are made in Common Shares, the number of which is calculated by dividing the payment amount by the market price of the Common Shares on the exercise date.

Tandem SARs are SARs granted in tandem with a related option or added to an outstanding option which give the awardee the right to surrender to the Corporation the vested portion of the option and to receive a distribution of Common Shares in an amount equal to the excess of the market price of a specified number of shares as of the date the SAR is exercised over the exercise price of the related option. To the extent a Tandem SAR is exercised, the related option will terminate at the time of such exercise.

Unless otherwise determined by the Board, each option or SAR becomes exercisable as to 33⅓% on a cumulative basis on the date of grant and at the end of each of the first and second years following the date of grant. Options with tandem SARs granted to non-management directors generally vest immediately.

Options and SARs may terminate prior to expiry of the exercise period in the following circumstances:

- on death of an awardee, options and SARs held as at the date of death become immediately exercisable notwithstanding any vesting provisions thereof and remain exercisable until the earlier of 12 months from such date and expiry of the exercise period; and
- if an awardee ceases to be a director, officer, employee and consultant of the Corporation or an affiliate for any reason other than death, including receipt of notice from the Corporation of the termination of their Employment Contract or Consulting Contract, all unvested options and SARs are cancelled as at the date of termination, and all vested options and SARs held as at the date termination remain exercisable until the earlier of 60 days following such date and expiry of the exercise period,

subject however to any contract between the Corporation and any employee relating to, or entered into in connection with, the employment of the employee or between the Corporation and any director with respect to his or her directorship or resignation therefrom (an "**Employment Contract**"), any contract between the Corporation and consultant relating to, or entered into in connection with, services to be provided to the

Corporation (a “**Consulting Contract**”) or any other agreement to which the Corporation is a party with respect to the rights of such person upon termination or change in control of the Corporation. See “Termination and Change of Control Benefits”.

In order for options granted to U.S. participants to be considered Incentive Stock Options (“**ISOs**”) for U.S. tax purposes, the maximum number of shares available for ISOs must be set out in the Share Incentive Plan. Accordingly, the Share Incentive Plan provides that not more than 3,000,000 Common Shares will be available for issuance pursuant to ISOs. There is no obligation on the Corporation to issue that number of ISOs and the inclusion of this maximum does not in any way restrict the number of Common Shares available for issuance otherwise pursuant to the Share Incentive Plan. To date, no ISOs have been granted under the Share Incentive Plan.

Rights under the Share Incentive Plan are not assignable or transferable except on the death of the participant.

If there is a consolidation, merger, take-over, amalgamation or arrangement of the Corporation with or into another corporation, a separation of the business of the Corporation into two or more entities, a transfer of all or substantially all of the assets of the Corporation to another entity, or a transaction of similar effect all unvested options, SARs and Tandem SARs will become vested and the holder shall be entitled to exercise such awards immediately prior to such event, unless the Board otherwise determines the basis upon which it shall be exercisable. In such event and in the event of a securities exchange take-over bid, the Corporation may, in certain circumstances, provide holders with the choice of exchanging their options if replacement options are offered.

Pursuant to Section 6.02 of the Share Incentive Plan, the Board may from time to time in its absolute discretion amend, modify and change the provisions of the Share Incentive Plan or any awards granted thereunder, provided that any amendment, modification or change to the provisions of the Share Incentive Plan or any awards granted pursuant thereto shall:

- not adversely alter or impair any award previously granted except as permitted thereunder;
- be subject to any regulatory approvals, where required, including the approval of the TSX, where required;
- be subject to shareholder approval in accordance with the rules of the TSX in circumstances where the amendment, modification or change to the Share Incentive Plan or award granted thereunder would:
 - reduce the exercise price of an option issued under the Share Incentive Plan (for this purpose, a cancellation or termination of an option of a participant prior to its expiry for the purpose of re-issuing options to the same participant with a lower exercise price shall be treated as an amendment to reduce the exercise price of an option),
 - extend the term of an award beyond the original expiration date (other than as permitted under the Share Incentive Plan),
 - amend the insider participation limits in section 2.05 of the Share Incentive Plan which result in the security holder approval to be required on a disinterested basis,
 - remove or increase the insider participation limit under Section 2.05 of the Share Incentive Plan,
 - remove or increase the non-employee director participation limit under Section 2.06 of the Share Incentive Plan;

- increase the fixed maximum percentage of Common Shares which may be issued under the Share Incentive Plan,
- grant additional powers to the Board to amend the Share Incentive Plan,
- amend Section 6.03 of the Share Incentive Plan that would permit options to be assigned or transferred, other than for normal estate settlement purposes, or
- amend the provisions in Section 6.02 of the Share Incentive Plan;
- not be subject to shareholder approval in any circumstance (other than as set out above), including, but not limited to, circumstances where the amendment, modification or change to the Share Incentive Plan or award would:
 - be of a “housekeeping nature”, including any amendment to the Share Incentive Plan or an award granted thereto that is necessary to comply with applicable law or the requirements of any regulatory authority or stock exchange and any amendment to the Share Incentive Plan or an award granted thereto to correct or rectify any ambiguity, defective provision, error or omission therein, including any amendment to any definitions therein
 - alter, extend or accelerate any vesting terms or conditions in the Share Incentive Plan or any awards granted thereto;
 - amend or modify any mechanics for exercising any award;
 - change the expiration date (including acceleration thereof) or change any termination provision in any award, provided that such change does not entail an extension beyond the original expiration date of such award (subject to such date being extended by virtue of the black-out period provisions of the Share Incentive Plan);
 - introduce a cashless exercise feature, payable in securities, whether or not such feature provides for a full deduction of the number of underlying securities from the Share Incentive Plan maximum;
 - change the application of the consolidation, merger, take-over bid, etc.; adjustment in number of shares subject to the Share Incentive Plan; or securities exchange take-over bid provisions of the Share Incentive Plan
 - add a form of financial assistance or amend a financial assistance provision which is adopted;
 - change the eligible participants; or
 - add a deferred or restricted share unit provision or any other provision which results in participants receiving securities while no cash consideration is received by the Corporation.

The Board may discontinue the Share Incentive Plan at any time without consent of the participants thereunder provided that such discontinuance shall not adversely alter or impair any award previously granted.

As of May 1, 2024, a total of 13,974,166 Common Shares are reserved for issuance pursuant to options outstanding under the Share Incentive Plan (being approximately 5.0% of the issued and outstanding Common Shares). Up to an additional 14,163,850 Common Shares may be reserved for issuance pursuant to options or other awards which may be granted under the Share Incentive Plan for a total of 28,138,016 Common Shares.

Indebtedness of Directors and Officers

During the most recently completed financial year and as at the date hereof, no director, proposed nominee for election as a director, officer, employee or associate of any such persons has been or is indebted to the Corporation.

Interest of Informed Persons in Material Transactions

Other than as set forth below and in this Information Circular, management of the Corporation is not aware of a material interest, direct or indirect, of any informed person of the Corporation (as defined in NI 51-102), any proposed nominee for election as a director of the Corporation, or any associate or affiliate of any such person, in any transaction since the commencement of the Corporation's most recently completed financial year or in any proposed transaction which has materially affected or would materially affect the Corporation or any of its subsidiaries.

Mr. Antonio Canton holds US\$2 million of Series A Secured Rights of the Corporation, which entitle him, along with the other purchasers of Series A Secured Rights, upon the occurrence of an "exit transaction", to receive payment of 1.5% of the net sales proceeds received pursuant to the exit transaction for each US\$1 million of Series A Secured Rights held. The Corporation has sold US\$3,300,000 of Series A Secured Rights and is seeking to raise up to an additional US\$16.7 million from the sale of secured rights to fund a comprehensive exploration program at the Corporation's Gold Springs Project, located on the border of Nevada and Utah, USA (the "**Gold Springs Project**"). If the Corporation's drilling results are successful at supporting at least a 3 million gold equivalent (gold and silver) ounce mineral resource estimate, the Corporation would turn its focus to selling the Gold Springs Project (which is the exit transaction referred to above).

STATEMENT OF CORPORATE GOVERNANCE PRACTICES

The following information is provided in accordance with Form 58-101F1 under National Instrument 58-101 – *Disclosure of Corporate Governance Practices* ("**NI 58-101**").

Board of Directors

Composition of the Board

The Board is currently comprised of four directors (Ms. Woodside-Shaw and Messrs. Arnoux, Canton, and Dario), and all members of the current Board, together with Mr. Jouard, are the proposed nominees for election as director at the Meeting. The Board has considered the independence of each of its directors. Consistent with NI 58-101, to be considered independent, the Board must conclude that a director has no material relationship with the Corporation. A "material relationship" is a relationship which could, in the view of the Board, reasonably interfere with the exercise of a director's independent judgment and includes an indirect material relationship.

The Board has concluded that three of its current directors (Ms. Woodside-Shaw and Messrs. Arnoux, and Dario) are "independent" for purposes of board membership as defined in NI 58-101. The Board has concluded that four of its nominees for election as a director at the Meeting (Ms. Woodside-Shaw and Messrs. Arnoux, Dario and Jouard) will be "independent" for purposes of board membership as defined in NI 58-101. Mr. Canton, the President and Chief Executive Officer of the Corporation, is an "inside" or management director and accordingly is considered not "independent".

Other Directorships

No nominees or current directors of the Corporation are also presently directors of other issuers that are reporting issuers (or the equivalent) in Canada or elsewhere.

Independent Directors' Meetings

The independent directors hold regularly scheduled meetings at which non-independent directors and members of management are not in attendance. During 2023, the independent directors did not hold any such meeting.

Chair of the Board

Ms. Woodside-Shaw is the Chair of the Board. She is an independent director of the Corporation. The Chair is responsible for developing and setting the Board's agenda, in consultation with the other members of the Board and senior management.

Attendance at Meetings

The Board meets regularly to review the activities and financial results of the Corporation and as necessary to review and consider significant impending actions of the Corporation. The attendance record of each current director for all Board and committee meetings held during the financial year ended December 31, 2023 is as follows:

Name	Board Meetings	Audit Committee Meetings	Compensation Committee Meetings	Corporate Governance and Nominating Committee Meetings
Tina Woodside-Shaw	6/6 (Chair)	-	1/1 (Chair)	-
Laurent Arnoux	6/6	4/4	-	-
Antonio Canton ⁽¹⁾	6/6	2/4	-	-
Victor Dario	5/6	4/4 (Chair)	-	1/1
Horst Daspersgruber ⁽²⁾	4/6	2/4	1/1	1/1 (Chair)

Notes:

- (1) Mr. Canton was appointed as audit committee member on August 10, 2023 to fill the vacancy resulted from the death of Mr. Daspersgruber on July 27, 2023, an audit committee member. The Company is exempt until the next annual meeting of the Company from the requirement in subsection 3.1(3) of NI 52-110 that every audit committee member must be independent.
- (2) Member of the Audit Committee, member of the Compensation Committee and Chair of the Corporate Governance and Nominating Committee until his passing on July 27, 2023.

Board Mandate

A copy of the Board's written mandate is attached as Schedule A to this Circular.

Board Committees

There are currently three committees of the Board: the Audit Committee, the Compensation Committee, and the Corporate Governance and Nominating Committee.

Audit Committee

The Corporation has an Audit Committee which is currently composed of Messrs. Dario (Chair), Arnoux and Canton. Two of the members, Messrs. Arnoux and Dario, are "independent" and all members are "financially literate" directors (as such terms are defined in NI 52-110. Mr. Canton, the President and Chief Executive Officer of the Corporation, is an "inside" or management director and accordingly is considered not "independent". The Audit Committee is responsible for, among other things:

- reviewing the annual financial statements and the interim financial statements, MD&A and related news releases and recommending their approval by the full Board;
- reviewing the proposed audit plan and proposed audit fees;

- overseeing the performance of the external auditors and recommending the appointment and compensation of the Corporation's auditor;
- identifying the principal financial risks and reviewing related risk management policies;
- reviewing and approving, or recommending approval to the full Board, all related party transactions, other than transactions entered into in the ordinary course of business;
- reviewing complaints and concerns under the Corporation's Code of Business Conduct and Ethics (see "Ethical Business Conduct" below); and
- pre-approving all non-audit services to be provided to the Corporation or its subsidiary entities by the Corporation's auditors.

The Board has adopted a charter for the Audit Committee which sets out the mandate and purpose of the Audit Committee, as well as its duties and responsibilities. A copy of the Audit Committee Charter is set out in Schedule "A" to the Corporation's Annual Information Form which is available on SEDAR+ at www.sedarplus.ca, and also on the Corporation's website at <https://www.goldspringsresource.com/company/governance/>.

Compensation Committee

The Corporation has a Compensation Committee which is composed of Ms. Woodside-Shaw (Chair) and, until his passing on July 27, 2023, Mr. Horst Daspersgruber. Ms. Woodside-Shaw is an "independent" director (as such term is defined in NI 58-101). The Compensation Committee is responsible for, among other things:

- reviewing the Corporation's overall compensation philosophy;
- reviewing and approving corporate goals and objectives relevant to the CEO's compensation (taking into account both short-term and long-term compensation goals), evaluating the CEO's performance in light of stated corporate goals and objectives and recommending to the Board the CEO's compensation level based on this evaluation;
- in consultation with the CEO, overseeing the evaluation of the Corporation's other senior officers and determining the compensation of senior officers other than the CEO;
- assisting the Board in fulfilling its obligation to identify the principal risks associated with the Corporation's compensation and human resources policies and practices, including in the design of compensation policies intended to meet the Corporation's compensation objectives;
- reviewing the adequacy, amount and form of compensation paid to each director (and considering whether such compensation realistically reflects the time commitment, responsibilities and risks of directors) and making recommendations to the Board thereon;
- making recommendations to the Board with respect to the adoption or amendment of incentive compensation plans; and
- making recommendations to the Board with respect to the adoption or amendment of equity-based compensation plans, including the designation of those who may participate in such plans and the issuance of incentive options in accordance with such plans.

The Board has adopted a charter for the Compensation Committee which sets out the mandate and purpose of the Compensation Committee, as well as its duties and responsibilities. A copy of the Compensation Committee Charter can be found on the Corporation's website at <https://www.goldspringsresource.com/company/governance/>.

Corporate Governance and Nominating Committee

The Corporation has a Corporate Governance and Nominating Committee (the “CG&N Committee”), which is composed of Mr. Dario and, until his passing on July 27, 2023, Mr. Horst Daspersgruber. Mr. Dario is an “independent” director (as such term is defined in NI 58-101). The CG&N Committee is responsible for, among other things:

- identifying individuals qualified to become new Board members and recommending to the Board the new director nominees for the next annual meeting of shareholders;
- considering what the competencies and skills the Board, as a whole, should possess taking into account the tangible and intangible skills and qualities necessary for an effective Board given the Corporation’s stage of development, operational and financial condition, and strategic outlook;
- considering the length of service of each director and the level of representation of women on the Board;
- assessing what competencies and skills each existing director possesses (including the personality and other qualities of each director);
- considering the appropriate size of the Board, with a view to facilitating effective decision-making;
- identifying and making recommendations to the Board as to the structure of the Board and the committees of the Board to be constituted from time to time and the structure of those committees; and
- conducting an annual review and assessment of the Board’s performance and effectiveness, as well as the effectiveness and contribution of each Board committee and each individual director.

The Board has adopted a charter for the CG&N Committee which sets out the mandate and purpose of the CG&N Committee, as well as its duties and responsibilities. A copy of the Corporate Governance and Nominating Charter can be found on the Corporation’s website at <https://www.goldspringsresource.com/company/governance/>.

Position Descriptions

The Board has developed written position descriptions for the Chair, the Chief Executive Officer, the Chairs of the Board committees, and individual directors. The CG&N Committee is responsible for, at least annually, reviewing and making recommendations to the Board regarding the position descriptions.

Orientation and Continuing Education

The CG&N Committee is responsible for reviewing and making recommendations to the Board regarding orientation to be provided to all new members of the Board to ensure that all new directors receive a comprehensive orientation enabling them to fully understand the role of the Board and its committees, as well as the contribution individual directors are expected to make, and the nature and operation of the Corporation’s business.

To provide orientation to new directors regarding the role of the Board and its committees, new directors are provided with copies of relevant position descriptions, the Board mandate and the charters of the Board committees. To orient new directors on the nature and operation of the Corporation’s business, new directors are provided with copies of the most recent public filings of the Corporation. New directors also meet with the President and CEO to review in detail the business of the Corporation.

The CG&N Committee is responsible for reviewing and making recommendations to the Board regarding continuing education opportunities to be provided to all directors, so individuals may maintain or enhance their skills and abilities as directors, as well as to ensure that their knowledge and understanding of the Corporation's business remains current. The Board has no current formal continuing education program. One of the Corporation's independent directors, Ms. Woodside-Shaw, has conducted site visits to the Gold Springs property on the Nevada/Utah border. From time to time, the President and Chief Executive Officer meets with individual directors to update them on issues relating to the business, and, in between Board meetings, the Chief Executive Officer and the Chief Financial Officer also provide updates (in writing and verbally) to the directors regarding the Corporation's business and financial condition to ensure that the directors maintain the level of knowledge regarding the Corporation and its industry necessary for them to meet their obligations as directors.

Directors are individually responsible for updating their skills necessary to meet their obligations as directors. Several directors have either public company senior officer experience or extensive experience on other boards. One of the independent directors has graduated from formal director education programs, Ms. Woodside-Shaw being a Certified Director of the Institute of Corporate Directors.

Ethical Business Conduct

The Board has adopted a written Code of Business Conduct and Ethics (the "Code") that applies to all directors, officers and employees of the Corporation and its subsidiaries. A copy of the Code is available under the Corporation's profile on SEDAR+ at www.sedarplus.ca and also on the Corporation's website at <https://www.goldspringsresource.com/company/governance/>. The CG&N Committee is responsible for monitoring compliance with the Code. A waiver of the Code will be granted only in exceptional circumstances and by the full Board only. The Code requires all Corporation personnel to promptly report any problems or concerns and any actual or potential violations of the Code pursuant to the Corporation's whistleblower policy. Concerns or complaints can be reported on an anonymous basis. To ensure that directors exercise independent judgment in considering transactions and agreements in respect of which a director or executive officer has a material interest, the Code requires directors and executive officers who have a material interest in any transaction that the Corporation proposes to enter into, to disclose such interest to the Board and comply with the applicable laws, rules and policies which govern conflicts of interest in connection with such transaction or agreement.

Nomination of Directors

The Board is responsible for nominating directors on the recommendations of the CG&N Committee. The CG&N Committee is composed entirely of independent directors. The responsibilities, powers and operation of the CG&N Committee with respect to nomination matters are summarized above under "Corporate Governance and Nominating Committee".

Compensation

The Board determines the compensation of the Corporation's directors and the Chief Executive Officer based on the recommendations of the Compensation Committee. The Compensation Committee, in consultation with the Chief Executive Officer, determines the compensation of the Corporation's other senior officers. The Compensation Committee is composed entirely of independent directors. The responsibilities, powers and operation of the Compensation Committee with respect to compensation matters are summarized above under "Compensation Committee".

Board Assessment

The CG&N Committee is responsible for conducting an annual review and assessment of the Board's performance and effectiveness, as well as the effectiveness and contribution of each Board committee and each individual director. Such an assessment considers: (i) in the case of the Board or a Board committee, compliance with its respective mandate or charter; and (ii) in the case of an individual director, the applicable

position description(s), as well as the competencies and skills each individual director is expected to bring to the Board.

The current annual review and assessment process includes the completion of annual assessment questionnaires assessing the performance of the Board, the Chair and the director's own performance as a director, and the performance of the Chair of any Board committees on which the director serves. The CG&N Committee reviews the assessment of the Board as a whole and considers the appropriate size of the Board with a view to facilitating effective decision-making and striking the appropriate balance between independent and non-independent directors, taking into account securities law and proxy advisory firm requirements for independence. The Chair of the CG&N Committee meets with the Chair to provide feedback on the annual assessment of the Board as a whole and the Chair, and the Chair reports to the Board the results of the annual assessment of the Board as a whole. The Chair also meets with each individual director and provides feedback on individual's performance as a director, committee member and committee Chair, if applicable.

Director Term Limits and Other Mechanisms of Board Renewal

The Corporation has not adopted term limits for the directors or other formal mechanisms of Board renewal as term limits could restrict the Corporation's ability to benefit from the contributions of otherwise qualified, experienced directors. As noted above, the CG&N Committee is responsible for assessments of the Board and director nominees and considers the potential contributions of new directors. In seven of the last nine years, the list of management nominees for the election of directors at the annual shareholder meeting of the Corporation has included at least one new director who was not elected to the Board at the previous annual shareholder meeting.

Representation of Women on the Board and in Executive Officer Positions

The Corporation has not adopted a written policy relating specifically to the identification and nomination of women directors as the Corporation's written director nomination procedure takes into account a broader range of relevant considerations. The Corporation does consider the level of representation of women on the Board in identifying and nominating candidates for election or re-election to the Board, however gender is only one factor in the consideration of the competencies and skills the Board, as a whole, should possess taking into account the tangible and intangible skills and qualities necessary for an effective Board given the Corporation's stage of development, operational and financial condition, and strategic outlook. Other factors include the qualities of the proposed nominee such as integrity, business judgment, independence, business or professional expertise, residency and familiarity with nature of business and geographic regions relevant to the Corporation's strategic priorities. At this time the Corporation has not adopted a target regarding the number or percentage of women on the Board. Currently, the Corporation has one woman on the Board, representing 25% of the number of directors of the Corporation.

The Corporation has not considered the level of representation of women in executive officer positions when making the limited number of executive officer appointments. In the future, the Corporation may consider the level of representation of additional women in executive officer positions when making executive officer appointments, however the Corporation has not adopted a target regarding the number or percentage of women in executive officer positions given the infrequency of such appointments and need to consider all qualifications of potential appointees in selecting the best candidate for the position. The Corporation currently has no executive officer who is a woman.

SHAREHOLDER PROPOSALS FOR NEXT MEETING

The *Business Corporations Act* (British Columbia), which governs the Corporation, provides that shareholder proposals must be received at the registered office of the Corporation at least three months before the anniversary date of the Meeting to be considered for inclusion in the proxy statement and the form of proxy for the 2025 annual general meeting of shareholders.
