

Gold Springs Resource Corp.
Files Q2 2025 Financial Statements, MD&A
and Provides Operations Update

August 11, 2025, Vancouver, British Columbia - Gold Springs Resource Corp. (TSX: GRC, OTCQB: GRCAF) (the "Company"), reports the release of its unaudited consolidated financial statements for the three and six months ended June 30, 2025 and the related management's discussion and analysis of financial position and results of operations ("MD&A"). In this press release, all amounts are expressed in U.S. dollars, unless otherwise indicated.

During the six months ended June 30, 2025, general and administrative expenses, excluding non-cash share-based payments, decreased to \$0.27 million compared with \$0.31 million during the six months ended June 30, 2024. During the three months ended June 30, 2025, general and administrative expenses, excluding non-cash share-based payments, decreased to \$0.13 million compared with \$0.16 million during the three months ended June 30, 2024. Exploration spending during the six months ended June 30, 2025, increased to \$0.025 million, from \$0.017 million incurred during the same period of 2024. During the six months ended June 30, 2025, the Company reported a net loss of \$0.30 million (\$nil loss per share) compared with net loss of \$0.34 million (\$nil loss per share) for the six months ended June 30, 2024, primarily resulting from a reduction in share-based payment expense and a reduction in administrative costs. During the three months ended June 30, 2025, the Company reported a net loss of \$0.13 million (\$nil loss per share) compared with net loss of \$0.18 million (\$nil loss per share) for the three months ended June 30, 2024, primarily resulting from share-based payment recoveries and a reduction in administrative costs. As of June 30, 2025, the Company had cash of \$0.02 million.

Operations Update

The Company is pleased to announce that it has continued working with ADT Environmental & Mineral Consultants and Global Resource Engineering to apply for permits to build a heap-leach processing pilot plant on private land and a starter pit at the South Jumbo area in Utah, where a resource estimate of 214,565 oz M&I Au has been identified *.

In addition, during the period ended June 30, 2025 the Company engaged the services of Gardiner Brothers Drilling Inc. to commence work on drilling a water well near the processing facility, which will have the capacity to supply water for a large-scale operation.

* Please refer to the technical report: "Mineral Resource Estimate NI 43-101 Technical Report - Gold Springs Project – Utah-Nevada, USA" dated July 11, 2022 for additional information (Measured: 114,558 oz Au (6,456,000 tonnes with a grade of 0.55 gpt) - Indicated: 100,007 oz Au (5,657,000 tonnes with a grade of 0.55 gpt) – M&I: 214,565 oz AU (12,115,000 tonnes with a grade of 0.55 gpt)).

Forward Looking Statements

Certain statements contained herein constitute "forward-looking information" under applicable Canadian securities laws ("forward-looking statements"). Forward-looking statements look into the future and provide an opinion as to the effect of certain events and trends on the business. Forward-looking statements herein may include words such as "creating", "believe", "would", "continue", "will", "promising", "should", and similar expressions and includes the statement relating to the construction of a processing plant and starter pit at South Jumbo, the South Jumbo mineral resource estimate and the completion of a water well that will have the capacity to supply a large-scale operation. These forward-looking statements are based on current expectations and entail various risks and uncertainties. Actual results may materially differ from expectations if known and unknown risks or uncertainties affect our business or if our estimates or assumptions prove inaccurate. Factors that could cause results or events to differ materially from current expectations expressed or implied by the forward-looking statements, include, but are not limited to, risks of the mineral exploration industry which may affect the advancement of the Gold Springs project, including possible variations in mineral resources, grade, recovery rates, metal prices, capital and operating costs, and the application of taxes; availability of sufficient financing to fund planned or further required work in a timely manner and on acceptable terms; availability of equipment and qualified personnel, failure of equipment or processes to operate as anticipated, changes in project parameters, including water requirements for operations, as plans continue to be refined; regulatory, environmental and other risks of the mining industry more fully described in the Company's Annual Information Form and continuous disclosure documents, which are available on SEDAR+ at www.sedarplus.ca. The assumptions made in developing the forward-looking statements include: the accuracy of current resource estimates and the interpretation of drill, metallurgical testing and other exploration results; the continuing support for mining by local governments in Nevada and Utah; the availability of equipment and qualified personnel to advance the Gold Springs project; execution of the Company's existing plans and further exploration and development programs for Gold Springs, which may change due to changes in the views of the Company or if new information arises which makes it prudent to change such plans or programs. Readers are cautioned not to place undue reliance on the forward-looking statements contained in this press release. Except as required by law, the Company assumes no obligation to

update or revise any forward-looking statement, whether as a result of new information, future events or any other reason. Unless otherwise indicated, forward-looking statements in this press release describe the Company's expectations as of the date hereof.
